

THE CELESTIAL EDITION

ANGELS OF THE AETHER

A complete 78-card tarot deck

Pearl-white wings. Golden halos. A universe of flowing forms and quiet power.

The familiar tarot journey reimagined through luminous Angels and Luigi Colani-inspired biomorphic science fiction.

Reading and print guide

22 Major Arcana / 56 Minor Arcana / 1 reversible card back

Card size: 70 x 120 mm. Every card carries its standard tarot name and a poetic celestial subtitle.

Begin with a question

A small ritual for reflection, followed by practical printing notes

Shuffle the cards while holding an open question: What deserves my attention? What can I change? Draw one card and notice the image before reading its keywords.

For a three-card spread, place the cards from left to right: CURRENT ENERGY / WHAT NEEDS CARE / A USEFUL NEXT STEP. Read the images together as a story.

Reversals are optional. An upside-down card can suggest blocked, private or developing energy. Use the guide as a starting point for personal reflection.

Print your deck

- 01** Choose the US Letter or A4 print PDF to match the paper in your printer. Each has 40 pages: 20 front-and-back sheet pairs, four cards per sheet.
- 02** Print at Actual Size or 100%. Turn off Fit, Shrink and booklet options. Select double-sided printing and Flip on long edge. Keep the pages in their supplied order.
- 03** First print PDF pages 1-2 on plain paper. Hold the sheet against a light to check alignment. Measure a card's cut marks: the rectangle must be 70 x 120 mm.
- 04** For a finished deck, use matte card stock supported by your printer. If it cannot duplex thick card, print fronts and backs separately and mount them together.
- 05** Cut on the corner marks. The surrounding 2 mm color allowance helps conceal minor cutting drift. Round the corners if desired. The final sheet contains two cards and two unused positions.
- 06** The individual-card PDF has 78 fronts followed by the common back on page 79. Its pages are the finished card size and are useful for viewing or separate print placement.

Digital layouts checked; printer registration can vary. Always make the plain-paper proof.

The Major Arcana

The soul's larger journey / upright themes and optional reversed themes

0 / THE FOOL

Trust, freedom, beginnings
Reversed: Carelessness, hesitation
